

Invitation to PhD defense

To the seven-member examination committee of the PhD candidate Zinovia Eleme's doctoral dissertation on the subject: "Study of $^{241}\text{Am}(n,f)$ reaction at the CERN n_TOF facility"

After communication, we inform the members of the examination committee that Zinovia Eleme's public PhD defense on the subject "Study of $^{241}\text{Am}(n,f)$ reaction at the CERN n_TOF facility" will take place on Friday 14/10/2022 at 15:00 (CET).

The PhD defense will be performed via the zoom software:

ZOOM URL: <https://cern.zoom.us/j/9167466908?pwd=a1JzYnFoWncxV3pVNHIENlhYk3V2QT09>

Meeting ID: 916 746 6908

Passcode: 527428

The PhD defense is public and can be attended by anyone interested.

The General Assembly of the Physics Department session number 572/19-09-2022 defined the seven-member examination committee of the PhD candidate Zinovia Eleme's doctoral dissertation as following:

- 1) Nikolaos Patronis, Associate Professor, Physics Department, University of Ioannina (supervisor)
- 2) Michael Kokkoris, Professor, School A.M.P.S., National Technical University of Athens
- 3) Roza Zanni-Vlastou, Professor Emeritus, School A.M.P.S., National Technical University of Athens
- 4) Nicola Colonna, Director of Research, Istituto Nazionale di Fisica Nucleare (INFN), Sez. di Bari, Bari, Italy
- 5) Panagiotis Kokkas, Professor, Physics Department, University of Ioannina
- 6) Nikolaos Nicolis, Associate Professor, Physics Department, University of Ioannina
- 7) Ioannis Papadopoulos, Associate Professor, Physics Department, University of Ioannina

The supervisor

Nikolaos Patronis
